Koonar Physiotherapy Open House Will Raise Funds for Haiti Relief

February 05, 2010 – Windsor, ON - **Koonar Physiotherapy and WAVE (Whole-body Advanced Vibration Exercise)** are holding an Open House for the public on Saturday February 6, from 10pm-4pm. Stop in and try what everyone is talking about, WAVE's revolutionary vibration exercise therapy. New members will receive 50% off their starter package, which retails for \$50, and 100% of the proceeds will go towards Haiti Relief.

All funds raised by Koonar Physiotherapy will benefit **Canada for Haiti** and will take advantage of the Canadian government's promise to match every dollar donated. For more information about Canada for Haiti, visit www.CanadaforHaiti.com.

"We hope to raise enough money to make a difference in the lives of Haitian people," says Koonar Physiotherapy owner, Michael Koonar. "And at the same time those who sign up will have the opportunity to better their health and strengthen their bodies with our WAVE vibration technology."

By working out on a WAVE platform only 15 minutes a day, three times per week, users will see benefits including strength gains, increased circulation and flexibility, positive benefits on bone density and minimal stress on joints. The WAVE's patented self-calibration system allows consistent delivery of vibration to the user and enhances the quality and durability of the platform. Due to its many benefits, WAVE technology has quickly gained acceptance and is now used in universities, fitness studios, spa and wellness centres, with health professionals in the rehabilitation and medical fields and Olympic athletes.

WAVE SALE:

Open House attendees will also have the opportunity to purchase WAVE vibration exercise machines for home or commercial use. The first ten customers will receive a \$250 discount towards their vibration machine. All WAVE (Whole-body Advanced Vibration Exercise) products are commercial grade solid steel construction and built in Windsor. To learn more about WAVE, visit www.wavexercise.com.
